

# Archive of teaching activities related to the Lab

The teaching focus at the Creative Technologies Lab is centered on exploring the intersection of design, technology, and human interaction. Students engage in hands-on, project-based learning to develop innovative solutions that combine creative approaches with technical expertise. Emphasis is placed on the integration of emerging technologies to address real-world challenges while fostering critical thinking, collaboration, and interdisciplinary problem-solving. The lab encourages experimentation, prototyping, and iterative design processes to equip students with the skills needed to thrive in dynamic, technology-driven fields. The following list gives an overview about courses given by affiliated faculty and teaching staff.

## WiSe 2025/26

| Course title                                                     | Course Information                           | documentation, links,...  |
|------------------------------------------------------------------|----------------------------------------------|---------------------------|
| Medien-Design Projekt                                            | ETI Wahlpflicht Bachelor, 4. semester, 5 CP  | <a href="#">wiki-page</a> |
| Media Installations -<br>Entwicklung einer medialen Installation | ETI Wahlpflicht Master, 1.-3. semester, 5 CP | <a href="#">wiki-page</a> |

## SoSe 2025

| Course title                                             | Course Information                           | documentation, links,...                                                                                                       |
