

This page is for ETI students, studying in the fields of Computer Science, Electrical-, Industrial-, Digital-, or International-Engineering, that are interested to work on their BA/MA thesis projects under the supervision of Prof. Felix Beck.

Students, please note the following:

- Check all the information provided on the [FH website](#)
- Possible projects should target one of the [listed media-formats](#).
- Proactivity is crucial: If you are unsure about something, reach out with enough time. Unforeseen delays should be communicated in a timely manner. Plan work steps early and adhere to milestones (e.g. submission of exposés, interim presentations, feedback rounds, etc.) Bear in mind the responsibility lies with the students.
- For the [BA-colloquium](#) and the [MA-colloquium](#) independent work is expected. Support is provided in bi-weekly meetings – so called *Checkpoint Meetings* (see Felix's [Open Calender](#)).
